

FIELD HISTORY SHEET

Farm Name: _____

Instructions: Fill out this Field History Sheet for all fields (organic, transitional, and conventional). You can use your own form as long as it contains the same information. List all crops you are planning to grow in the field including cover crops. If you are doing succession plantings, note the number of times a crop will be grown in the calendar year. The primary purpose of this form is to track crop rotations, so list as much information about your rotations as you can. If you are rotating crops in beds within a field, note that in the crops section. You do not need to list specific crops. Instead, you may use crop categories like mixed vegetables, herbs, salad mix, greens, etc, or crop families. You do not need to list materials on this form. Materials need to be listed in your Farm Plan.

Code: O = Organic; T = In Transition/Conversion to Organic; C = Conventional

Code	Field No.	ACRES	Year 2012 Crops	Year 2011 Crops

Code	Field No.	SIZE	Year 2012 Crops	Year 2011 Crops
